AIM AND SCOPE

The conference Silesian Meetings on Polymer Materials POLYMAT is organized for the third time by the Centre of Polymer and Carbon Materials PAN.

This time it is dedicated to the memory of Prof. Andrzej Dworak. Professor Dworak was the founder of the International Polymer Seminars (GSP) meetings, held biannually from 1995 to 2008, meeting Polymers on the Odra River POLYOR 2011 and held in 2014 and 2016 Silesian Meetings on Polymer Materials POLYMAT60.

The aim of the conference is to exchange current knowledge and create opportunities to exchange experiences in the field of polymer chemistry, closely related to the synthesis, characterization, modification and application of polymers.
